REACH Directive Update

Status as of: 15 January 2019

In order to comply with the *Regulation (EC) No 1907/2006 of the European Parliament and of the Council on the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)*, Mueller Brass Forging Co. presents the following:

None of the copper and copper alloy (brass) rod and bar products manufactured by Mueller Brass Forging Co. contain any of the 43 substances currently on the Authorization List included under REACH Annex XIV, last updated on 16 June 2017.

On 15 January 2019, the European Chemicals Agency (ECHA) added lead metal (Pb) to the Candidate List of Substances of Very High Concern (SVHC). The total list now contains 197 substances.

The following is a list of alloys, produced by Mueller Forgings Co., which contain >0.1% of lead in their chemical composition. No other SVHCs are contained in any product produced by Mueller Forging Brass Co.

Alloys with >0.1% Pb
C35000
